Foundation Formula Explanation	103
Higher Education Funding Formula Explanation.....	105

PREFACE

The Senate Appropriations Committee is pleased to present the *Annual Fiscal Report*. It is designed to provide legislators, legislative and departmental staff, and the public with detailed information about the appropriations and budget process that occurred during the 97th General Assembly, 2nd Regular Session (2014) as well as information about fiscal and budget issues for previous years.

The Report is divided into five sections.

Section I, **FY 2015 Statewide Budget Information**, provides a summary of Missouri's \$26.1 billion operating budget for Fiscal Year (FY) 2015. This section includes the appropriation bill totals for the operating budget and an appropriation veto summary. In addition, this section contains the Fiscal Year 2015 General Revenue estimate, a full-time equivalent (FTE) summary by department, and several charts and graphs depicting revenue and appropriation information. Section I also includes a budget process overview and the calendar of floor actions for the FY 2015 appropriation bills.

Section II, **FY 2015 Departmental Budget Information**, provides detailed budget information for each state department. This section includes the appropriation amount, percentage increases or decreases, and the major changes from the previous fiscal year for each state department.

Section III, **Missouri State Finances**, includes information regarding the budget reserve fund and past state revenue collections. In addition, this section provides historical expenditure information on the state's operating and capital improvement budgets. It also contains an analysis of state tax credits, bond indebtedness, and the distribution of gaming, lottery and tobacco settlement revenues.

Section IV, **Legislation**, provides a fiscal impact summary of legislation passed during the 2014 session. This section includes summaries for Senate Bills 509 and 492 and House Bill 1689.

Section V, **Topics of Interest**, provides information about a wide variety of subjects. This section contains information relating to the total state revenue calculation, state rankings, the highway fund cap, state employee pay plan history, capital improvements, maintenance and repair, the foundation formula and Proposition A.

We hope that the *Annual Fiscal Report* will provide the reader with a wide range of interesting topics regarding the Missouri state budget and finances. If you have any comments or suggestions, please send them to Adam Koenigsfeld, Senate Appropriations Committee Staff, Room B-8 in the State Capitol Building, fax them to (573) 751-4778 or e-mail him at akoenigsfeld@senate.mo.gov.

Section I

FISCAL YEAR 2015 STATEWIDE BUDGET INFORMATION

BUDGET PROCESS OVERVIEW

STATE OF MISSOURI

I. Department Budget Preparation

- A. State agencies prepare budget requests during the summer and fall for the following fiscal year in accordance with guidelines issued by the Office of Administration's (OA) Division of Budget and Planning.
- B. Budget requests are submitted to OA-Budget and Planning by October 1. Copies are also submitted to the legislature at the same time.

II. Governor Recommends Executive Budget

- A. After analysis by OA-Budget and Planning, the Executive Budget is published in mid-January.
- B. Governor gives State of the State and Budget Message to a Joint Session of the Legislature within the first few weeks of the legislative session in January.
- C. Appropriations Bills are introduced by the Chairman of the House Budget Committee.

III. House Appropriations Committees Operating Budget Hearings

- A. After introduction, Appropriations Bills are referred to the House Budget Committee for assignment to the appropriate House Appropriations Committee.
- B. Each House Appropriations Committee (Agriculture and Natural Resources; Education; General Administration; Health, Mental Health, and Social Services; Public Safety and Corrections; and Transportation and Economic Development) holds budget hearings in late January or early February for agencies to testify on their budget requests and the Governor's recommendations.

IV. House Action on Emergency and Supplemental Appropriations

- A. House Budget Committee conducts hearings on emergency and supplemental requests for the current year early in the session. Emergency and supplemental appropriations are for unforeseen changes or circumstances in the current fiscal year. The legislature takes action only on the requests recommended by the Governor.
- B. House Budget Committee "marks-up" emergency and supplemental appropriation bills and sends House Committee Substitute bills to the full House for action.

V. House Appropriations Committee Operating Budget Recommendations

- A. House Appropriations Committees “mark-up” the operating budgets and staff prepares House Committee Substitutes to reflect the committees’ recommendations.
- B. House Appropriations Committees’ Chairpersons present recommendations to the House Budget Committee.

VI. House Budget Committee Acts on Operating Budget

- A. House Budget Committee accepts the House Appropriations Committees’ recommendations, alters the recommendations, or rejects the recommendations with instructions for the House Appropriations Committees to reconsider the proposed budget.
- B. House Committee Substitute bills as approved by the House Budget Committee are sent to the full House of Representatives with a committee recommendation.

VII. House Floor Action on Operating Budget

- A. All appropriations bills for the operating budget are brought before the House of Representatives.
- B. House Committee Substitute bills as perfected by the entire House of Representatives are sent to the Senate, usually with approximately one-third of the session remaining.

VIII. House Action on Capital Budget

- A. House Budget Committee conducts hearings and “marks-up” the capital budget for recommended House Committee Substitute bills. The capital budget uses a biennial appropriations process for major, multiyear projects. During the second year of the biennium, funding is provided for critical projects not envisioned at the time of the adoption of the biennial budget.
- B. Full House passes House Committee Substitute bills and sends to the Senate.

IX. Senate Appropriations Committee Operating Budget Hearings

- A. Senate Appropriations Committee conducts department budget hearings in late January through early March.
- B. Senate Appropriations Committee “marks-up” operating budget, prepares recommendations, and staff prepares summaries of action for presentation to the full Senate.

X. Senate Appropriations Committee Action

- A. Senate Appropriations Committee conducts hearings and “marks-up” emergency and supplemental appropriations to prepare Senate Committee Substitute for appropriations bill for emergency and supplemental items.

- B. Senate Appropriations Committee conducts hearings and “marks-up” the capital budget to develop Senate Committee Substitute bills.

XI. Senate Action on Appropriations

- A. Full Senate adopts Senate Committee Substitutes, amends Senate Committee Substitutes, or adopts Senate Substitute bills for appropriations on emergency and supplemental, operating, and capital budgets.
- B. The Senate returns the appropriations bills to the House of Representatives for acceptance or for the House to make a request for conference to settle differences.

XII. Conference Committee(s) on Appropriations

- A. Conference Committees, consisting of five (5) members from the House of Representatives and five (5) members from the Senate, meet to achieve compromises, settle differences and adopt Conference Committee Substitute appropriations bills.
- B. Conference Committee Substitute bills are then returned to the full House and Senate to be Truly Agreed To and Finally Passed.

XIII. Governor’s Line-Item Veto

- A. Truly Agreed To and Finally Passed appropriations bills are sent to the Governor for signature.
- B. Governor either signs an appropriations bill, vetoes the entire bill, or line-item vetoes part or all of sections or lines in the bill. The Governor must act before July 1 on the appropriations bills and on that date the appropriated moneys become available to be expended.

XIV. Governor’s Control Over Expenditure Rates

- A. Governor controls the rate of expenditure against appropriations through the allotment process.
- B. An initial reserve plan is the constitutionally required 3% withholding on appropriations to be expended upon approval of the Governor.
- C. Governor may further withhold funds to reduce expenditures below appropriations whenever actual revenues are less than estimates on which the appropriations are based.

XV. Legislative Override of Governor’s Veto

- A. Legislature may override Governor’s veto of a bill or line-item by a two-thirds majority in both the House and Senate during the following legislative veto session held in September.
- B. Process begins again.

Calendar of Floor Action on FY 2015 Appropriations Bills 97th General Assembly, 2nd Regular Session

Section III

MISSOURI STATE FINANCES

BUDGET RESERVE FUND

Legal Basis: Article IV, Section 27 (a) of the Missouri Constitution

Description: The fund was authorized by constitutional amendment on the November 7, 2000 ballot. The amendment required the transfer of the fund balances from the Cash Operating Reserve Fund and the Budget Stabilization Fund to the newly created Budget Reserve Fund. The Budget Reserve Fund is exempt from the biennial transfer of the balance and earned interest to the General Revenue Fund.

Purpose: The fund can be used for cash flow insufficiencies or budget stabilization.

Cash Flow Insufficiencies – The Commissioner of Administration may transfer amounts from the Budget Reserve Fund to any state fund if the fund balance is insufficient to maintain appropriated levels. Any cash flow transfers must be repaid to the Budget Reserve Fund, with interest, on or before May 15th of the fiscal year.

Budget Stabilization – If the Governor reduces a department's appropriation level due to a revenue shortfall, or if funds are required to assist the state due to a disaster, the Governor may request appropriations from the Budget Reserve Fund.

The General Assembly must approve the request with a two-thirds vote from both houses.

No more than one-half of the fund balance may be appropriated for this purpose at any one time.

A minimum of one-third of the amount appropriated must be repaid, with interest, in each of the three following fiscal years.

Fund Balance Limits: The fund's balance is capped at 7.5% of net general revenue receipts or 10% if approved by the General Assembly for the purpose of increasing the fund balance.

Net general revenue collections are defined as "all revenue deposited into the General Revenue Fund less any refunds and revenues originally deposited into general revenue but designated by law for specific distribution or transfer to another state fund."

Excesses above the caps are transferred back to the General Revenue Fund. If the balance is less than 7.5% then the difference stands appropriated and transferred from the General Revenue Fund to the Budget Reserve Fund.

FUND BALANCES AS OF JUNE 30TH OF FISCAL YEAR

CONSENSUS REVENUE ESTIMATE & RECEIPTS

FY 2012 through FY 2015

The consensus revenue estimate calculated by the Office of Administration and the General Assembly attempts to provide an accurate revenue forecast for the upcoming fiscal year, based upon projections of both the national and state economic conditions and trends. The revenue estimate is one of the first areas that is analyzed before the state budget is formulated and is usually finalized in the December preceding the next fiscal year.

CONSENSUS REVENUE ESTIMATE FOR FISCAL YEARS 2013 & 2014 (Millions \$)

State of Missouri Bonded Indebtedness

The General Assembly is authorized by constitutional and statutory provisions to authorize the issuance of debt for various purposes. The Board of Fund Commissioners and the Board of Public Buildings are responsible for managing the state's issuance of general obligation instruments and revenue bonds, respectively. In addition, the General Assembly has created several financing authorities responsible for raising capital via debt issuance for specific purposes.

General Obligation Bonds

General obligation bonds are secured by a pledge of the full faith, credit and resources of the State. The principal and interest amounts are transferred one year in advance from the General Revenue Fund to the debt service funds from which principal and interest payments are made. Four types of general obligation bonds are currently authorized and outstanding.

Water Pollution Control (WPC) Bonds

The Board of Fund Commissioners is authorized by constitutional amendment to issue Water Pollution Control general obligation bonds. The constitutional limit on WPC bonds is \$725 million (Article III, § 37(b), 37(c), 37(e), Missouri Constitution). These bonds are issued, upon approval of the General Assembly, to provide funds for State use to protect the environment through the control of water pollution. The principal and interest on these bonds are paid from moneys transferred from the General Revenue Fund and the Water and Wastewater Loan Revolving Fund to the Water Pollution Control Bond and Interest Fund. The Board began issuing Water Pollution Control Bonds in 1972.

Third State Building (TSB) Bonds

The Board of Fund Commissioners is authorized by constitutional amendment to issue Third State Building general obligation bonds. The constitutional limit on TSB bonds is \$600 million (Article III, § 37(d), Missouri Constitution). These bonds are issued, upon approval of the General Assembly, to provide funds for improvements of State buildings and property. The principal and interest on these bonds are paid from moneys transferred from the General Revenue Fund to the Third State Building Bond Interest and Sinking Fund. The Board began issuing Third State Building Bonds in 1983 and issued the final series in 1987 as required by constitutional amendment.

Fourth State Building (FSB) Bonds

The Board of Fund Commissioners is authorized by constitutional amendment to issue Fourth State Building general obligation bonds. The constitutional limit on FSB bonds is \$250 million (Article III, § 37 (f), Missouri Constitution). These bonds are issued, upon approval of the General Assembly, to provide funds for improvements of buildings and property of higher education institutions, the Department of Corrections, and the Division of Youth Services. The principal and interest on these bonds are paid from moneys transferred from the General Revenue Fund to the Fourth State Building Bond and Interest Fund. The Board began issuing

Fourth State Building Bonds in 1995. There is no remaining amount of authorization to be issued for the Fourth State Building Bonds.

Stormwater Control (SWB) Bonds

The Board of Fund Commissioners is authorized by constitutional amendment to issue Stormwater Control general obligation bonds. The constitutional limit on SWB bonds is \$200 million (Article III, § 37(h), Missouri Constitution). These bonds are issued, upon approval of the General Assembly, to provide funds for State use to protect the environment through the control of stormwater. The principal and interest on these bonds are paid from moneys transferred from the General Revenue Fund to the Stormwater Control Bond and Interest Fund.

Revenue Bonds

Upon approval of the General Assembly, the Board of Public Buildings is authorized to issue revenue bonds for state building projects to house state agencies. The total statutorily authorized issuance amount is \$1.545 billion. The Department of Natural Resources (DNR) is also authorized to issue revenue bonds with the General Assembly's approval. DNR uses revenue bond proceeds for the acquisition and/or development of park facilities.

Revenue bonds are secured by revenues generated from the projects they finance and are not backed by the full faith and credit of the state. Section 8.420, RSMo, limits revenue bond issuance by the Board of Public Buildings to \$1.175 billion. Sections 253.210-253.280, RSMo, limit revenue bonds issued by DNR to \$5,167,000 for state parks.

Both the Board of Public Buildings and DNR are allowed by statute to issue bonds for the purpose of refunding outstanding issues. As with general obligation bonds, revenue bonds are refunded when lower rates of interest are available.

Other Debt Issuances

Regional Convention and Sports Complex Authority

On August 15, 1991, the St. Louis Regional Convention and Sports Complex Authority issued \$132,910,000 of Convention and Sports Facility Project bonds for the eastern expansion of the existing Cervantes Convention Center in St. Louis. These bonds are limited obligations of the Authority and do not constitute a pledge of the full faith and credit of the state. However, under a financing agreement dated August 1, 1991, appropriations are made from General Revenue to pay the principal and interest due each year. The Regional Convention and Sports Complex Authority issued \$121,705,000 of Convention and Sports Facility Refunding Bonds in December 1993 and issued \$116,030,000 of Convention and Sports Facility Project and Refunding Bonds Series A 2003 on August 1, 2003. Payments are to conclude in fiscal year 2022. Annual appropriation is \$12,000,000.

Kansas City & Jackson County Convention Center

Section 67.641 RSMo establishes appropriations up to \$2,000,000 annually to be paid from the state general revenue fund to each convention and sports complex fund created pursuant to Section 67.639. In fiscal year 1991 the Kansas City Convention Center (Bartle Hall) began receiving \$2,000,000 annually from the State. Payments will continue until fiscal year 2015. In fiscal year 1991 Jackson County Convention Center (Kauffman/Arrowhead Stadium) began receiving \$2,000,000. In fiscal year 1997 the amount was increased to \$3,000,000 and will continue until fiscal year 2015.

Health and Educational Facilities Authority – UMC Arena Bonds

On November 17, 2011, the Missouri Health and Educational Facilities Authority (MOHEFA) issued \$20,125,000 of Educational Facilities Revenue Bonds Series 2011. The Refunding Educational Facilities Revenue bonds refunded \$22,770,000 of Educational Facilities Revenue Bonds Series 2001.

On November 1, 2001, the Missouri Health and Education Facilities Authority (MOHEFA) issued \$35,000,000 of Educational Facilities Revenue Bonds Series 2001 to finance the University of Missouri – Columbia (UMC) Arena Project. The State's debt service payments began in fiscal year 2005 when the first principal payment was due. Interest amounts due prior to fiscal year 2005 were paid from interest capitalized from the bond proceeds. Payments will continue until fiscal year 2022.

Conservation Commission

On December 15, 2002, the Conservation Commission sold Certificates of Participation (Conservation Commission Project) Series 2002 in the amount of \$4,700,000 to lease/purchase the Conservation Campus in Cape Girardeau from the county. The state's obligation under the certificates of participation does not constitute a general obligation or other indebtedness of the state. The certificates of participation represent proportionate ownership interests of the certificate holders in a lease agreement. The certificates do not constitute a pledge of the full faith and credit of the State. The last payment was made on December 1, 2011, after which the building became the property of the Commission.

Lease/Purchase Agreements

On June 7, 2011, the State issued Refunding Certificates of Participation Series A 2011 in the amount of \$76,910,000. The Refunding Certificates of Participation refunded \$76,065,000 of the Refunding Certificates of Participation Series A 2005. On March 1, 2005, the State issued Refunding Certificates of Participation Series A 2005 in the amount of \$120,490,000. The Refunding Certificates of Participation refunded \$13,945,000 of Missouri Public Facilities Corporation Certificates of Participation (Acute Care Psychiatric Hospital Project) Series A 1994; \$13,400,000 of Missouri Public Facilities Corporation Certificates of Participation (Psychiatric Rehabilitation Center Project) Series A 1995; \$9,915,000 of Northwest Missouri Public Facilities Corporation Certificates of Participation (Northwest Missouri Psychiatric Rehabilitation Center Project) Series B 1995; and \$83,480,000 of Missouri Public Facilities Corporation II Certificates of Participation (Bonne Terre Prison Project) Series A 1999.

The State's obligation under the lease does not constitute a general obligation or other indebtedness of the State. The certification of participation represents proportionate ownership interests of the certificate holders in the lease agreement. The certificates do not constitute a pledge of the full faith and credit of the State. Payments under the lease agreement have been structured in amounts sufficient to pay principal and interest on the certificate, and are subject to appropriation by the State legislature.

Missouri Development Finance Board

On November 30, 2005 the Missouri Development Finance Board issued Missouri Development Finance Board Leasehold Revenue Bonds Series 2005 in the amount of \$28,995,000. The Board issued the bonds to finance the purchase of three buildings in St. Louis (Florissant, St. Louis, and Jennings). The Board additionally issued \$9,865,000 of Leasehold Revenue Bonds Series 2006 on May 31, 2006 for the purchase of a building in St. Louis. The State has entered into a lease with the Board. On June 11, 2013 the Board issued Missouri Development Finance Board Leasehold Revenue Refunding Bonds Series A 2013 in the amount of \$21,820,000 and Series B 2013 in the amount of \$7,450,000 to refund \$20,805,000 of Missouri Development Finance Board Leasehold Revenue Bonds Series 2005 and \$7,100,000 of Missouri Development Finance Board Leasehold Revenue Bonds Series 2006, respectively.

Guaranteed Energy Savings Contracts

The State of Missouri, Office of Administration, Division of Facilities Management Design and Construction (FMDC) has entered into various Guaranteed Energy Saving Contract (ESCO) leases as part of a master lease agreement. RSMo 8.235.4 allows the Office of Administration to use the master lease for guaranteed energy cost savings contracts. FMDC has utilized this authority to produce energy savings, reduce consumption, reduce pollution, and increase productivity at facilities around the state. These projects have been financed for a period of 15 years at fixed interest rates ranging between 2.20% and 4.03%. The state issued financing in the amount of \$69,643,282 with a final maturity date of November 1, 2023.

Unified Communication Contract

The State of Missouri, Office of Administration, Information Technology Services Division (ITSD) has entered into a Unified Communication lease with Key Government Finance to purchase, upgrade, and replace the State's telecommunications system. The lease is being financed in multiple phases with each phase not to exceed 7 years at an interest rate of 2.99%. Phase I was refinanced as of February 10, 2012, which lowered the interest rate to 1.14%. Phase II was refinanced as of September 28, 2012, which lowered the interest rate to 0.99%. Phase III was financed as of June 28, 2013 with an interest rate of 0.99%. Phase I has a final maturity date of February 1, 2017, Phase II has a final maturity date of August 1, 2017, and Phase III has a final maturity date of February 1, 2018.

Missouri Highways and Transportation Commission

The Missouri Highways and Transportation Commission, authorized by the State Highway Act, issues bonds for the purpose of providing funds to finance project costs for highway construction and repairs for the State Highway System. The principal and interest of the State Road Bonds are payable solely from the State Road Fund's revenues as provided in the Missouri

Constitution. The following State Road Bonds were issued by the MO Highways and Transportation Commission:

- In December 2000, Series A 2000 State Road Bonds was issued for \$250,000,000.
- In October 2001, Series A 2001 State Road Bonds was issued for \$200,000,000.
- In June 2002, Series A 2002 State Road Bonds was issued for \$203,000,000.
- In November 2003, Series A 2003 State Road Bonds was issued for \$254,000,000.
- In July 2005, Series A 2005 First Lien State Road Bonds was issued for \$278,660,000.
- In July 2005, Series B 2005 Third Lien State Road Bonds was issued for \$72,000,000.
- In August 2006, Series A 2006 First Lien State Road Bonds was issued for \$296,670,000.
- In August 2006, Series B 2006 First Lien State Road Bonds was issued for \$503,330,000.
- In December 2006, Series 2006 Senior Lien Refunding State Road Bonds was issued for \$394,870,000. This refunded: \$135,980,000 of Series A 2000; \$105,075,000 of Series A 2001; \$109,165,000 of Series A 2002; and \$57,390,000 of Series A 2003.
- In September 2007, Series 2007 Second Lien State Road Bonds was issued for \$526,800,000.
- In November 2008, Series A 2008 Federal Reimbursement State Road Fund Bonds was issued for \$142,735,000.
- In September 2009, Series A 2009 Tax Exempt Federal Reimbursement State Road Bonds was issued for \$195,625,000.
- In September 2009, Series B 2009 (Build America) Taxable Reimbursement State Road Bonds was issued for \$404,375,000.
- In November 2009, Series C 2009 Third Lien State (Build America) Road Bonds was issued for \$300,000,000.
- In March 2010, Series A 2010 Tax Exempt Federal Reimbursement State Road Bonds was issued for \$128,865,000.
- In March 2010, Series B 2010 Taxable Federal Reimbursement (Build America) State was issued for \$56,135,000.
- In November 2010, Series C 2010 Senior Lien Refunding State Road Bonds was issued for \$130,390,000. This refunded \$11,135,000 of Series A 2001, \$18,405,000 of Series A 2002, and \$111,760,000 of Series A 2003.

GAMING & GAMING COMMISSION REVENUE

Senate Bill 10 & 11 (86th General Assembly, 1st Regular Session, 1994) created the Missouri Gaming Commission, which became responsible for the licensing and regulation of excursion gambling boats throughout the state. After June 30, 1994, this act also provided for the transfer of responsibilities of licensing and regulation of bingo activities to the Gaming Commission.

Revenues generated from the gaming industry provide for the operation of the Missouri Gaming Commission (§ 313.835 RSMo), as well as providing a portion of the funding for education throughout the state (§ 313.835 RSMo; Article IV, Section 15, Missouri Constitution). The following information outlines how gaming revenues are divided between the State Education Fund and the Gaming Commission.

Gaming Revenue in Missouri

The following summarizes how the funding mechanism allocates dollars to both the operation of the Gaming Commission and to the State Education Fund.

- There is a \$2 boarding fee, paid either by the gambler or the casino, of which \$1 supports the operation of the Gaming Commission and the other \$1 goes to the local government.
- 79% of the gamblers' losses goes to the boat, while 2.1% goes to the local government. The remaining 18.9% (Gaming Tax) is allocated to the Classroom Trust Fund for education.

Contribution of Gaming Proceeds (18.9% tax) to Education

	FY 2013	FY 2014	FY 2015 (estimated)
Gaming Revenue	\$1,744,763,437	\$1,663,730,065	\$1,798,977,397
Gaming Proceeds to Education	\$329,760,290	\$314,444,982	\$340,006,728

Appropriations of Gaming Commission Fund Revenues
(\$1 boarding fee)

	<u>FY 2013</u>	<u>FY 2014</u>	<u>FY 2015</u>
Juvenile Court Diversion	\$473,235	\$500,000	\$500,000
Veterans Commission CI Trust Fund	\$29,900,000	\$36,320,000	\$32,000,000
MO National Guard Trust	\$4,000,000	\$4,000,000	\$4,000,000
MO College Guarantee	\$5,000,000	\$5,000,000	\$5,000,000
Early Childhood	\$367,185	\$0	\$0
Compulsive Gambling	\$150,000	\$150,000	\$489,850
Administrative Expenses	<u>\$19,564,223</u>	<u>\$20,208,947</u>	<u>\$22,915,553</u>
TOTAL	\$59,454,643	\$66,178,947	\$64,905,403

NOTE: The amounts listed above for the Veterans Commission Capital Improvements Trust Fund, National Guard Trust, MO College Guarantee are transferred amounts from HB 8. The remaining items: Juvenile Court Diversion (HB 11), Early Childhood (HB 2, 10, 11), Compulsive Gambling (HB 10), and Administrative Expenses (HB 8) are appropriated dollar amounts.

NOTE: The passage of HB 1731 (2012) changed the appropriation amount for the Veteran's Commission CI Trust Fund and Early Childhood Development Education and Care Fund. In FY 13, the appropriations bills were structured to account for both the passage of the legislation and if the legislation did not pass (therefore Veteran's Commission receiving the Early Childhood Development Education and Care funds).

FISCAL YEAR 2014 LOTTERY SALES

The Missouri State Lottery was created by voter approval of Constitutional Amendment No. 5 on November 6, 1984. Section 39(b) of Article III of the Missouri Constitution requires that a minimum of 45% of money received from the sale of Missouri state lottery tickets shall be awarded as prizes. The Constitution was further amended on August 4, 1992 to dedicate net lottery proceeds solely to public institutions of elementary, secondary, and higher education.

FY 2014 Lottery Sales \$1.158 billion

TOBACCO SETTLEMENT PROCEEDS

In 1997, the state of Missouri sued 18 tobacco companies on the basis of violations of the Missouri Merchandising Act and antitrust laws, as well as for reimbursement for health care costs and a variety of other claims. In November 1998, Missouri entered into the Master Settlement Agreement ("MSA") in resolution of the litigation in the Circuit Court of the City of St. Louis. Missouri agreed to dismiss all claims in exchange for a series of monetary payments, continued for at least 25 years, and non-monetary benefits, such as a prohibition against certain tobacco advertising. The court approved the settlement on March 5, 1999. Several parties, including public hospitals and other political subdivisions of the state, appealed the MSA and the denial of motions to intervene in the case at the trial level. The Missouri Court of Appeals, Eastern District, upheld the decision of the trial court to approve the settlement, and the Missouri Supreme Court accepted the transfer of the appeal. The Missouri Supreme Court issued its opinion approving the settlement on December 12, 2000.

Settlement Proceeds

The MSA provides that tobacco companies will make payments into an escrow account from which moneys will be disbursed to the state. Missouri's share is estimated at \$3.7 billion over 25 years. This estimate includes adjustments, reductions and offsets, which are calculated on a yearly basis. A schedule of payments and the estimated revenues are shown below.

<u>Fiscal Year (FY)</u>	<u>Amount (in millions of dollars)</u>
FY 2001	\$ 338.2 (actual)
FY 2002	\$ 172.7 (actual)
FY 2003	\$ 166.9 (actual)
FY 2004	\$ 143.1 (actual)
FY 2005	\$ 144.9 (actual)
FY 2006	\$ 133.1 (actual)
FY 2007	\$ 140.2 (actual)
FY 2008	\$ 155.3 (actual)
FY 2009	\$ 174.6 (actual)
FY 2010	\$ 150.0 (actual)
FY 2011	\$ 133.6 (actual)
FY 2012	\$ 135.2 (actual)
FY 2013	\$ 136.0 (actual)
FY 2014	\$ 66.1 (actual)
FY 2015	\$ 178.7 (estimated)
<u>FY 2016-2025</u>	<u>\$1,230.3 (estimated)</u>
Total	\$3,598.9

The payment received in FY 2006 was \$20.9 million lower than anticipated due to funds being withheld until a pending lawsuit filed by the tobacco companies regarding changes in market-share is resolved. It is possible that the outcome of the suit will result in reductions in future payments.

The payment received in FY 2014 was approximately \$70 million less than anticipated due to an arbitration ruling from a 3-judge panel in September 2013 regarding the enforcement of tobacco laws. In May 2014, St. Louis Circuit Court Judge Jimmie Edwards issued a ruling that partially vacated the above ruling. His ruling stated that an arbitration panel wrongly calculated the amount of settlement payments Missouri should lose for failure to enforce tobacco laws. As a result of the ruling by Judge Edwards, it was anticipated Missouri would be receive approximately \$50 million of the \$70 million as part of the arbitration ruling. The additional \$50 million was budgeted within the Medicaid Pharmacy section in House Bill 11 in FY 2015.

Account Structure

The Governor issued an Executive Order (01-05) on February 12, 2001, creating a Healthy Families Trust Fund within the state treasury. The Executive Order created five sub-accounts within the Fund: Early Childhood Care and Education Account; Life Sciences Research Account; Tobacco Prevention, Education and Cessation Account; Health Care Treatment and Access Account; and Senior Catastrophic Prescription Drug Account. The Executive Order did not appropriate any funds or dictate any percentages for funding allocations to any account. It directed the Office of Administration to receive and expend tobacco settlement money in accordance with the budget submitted to the General Assembly as amended and truly agreed to and finally passed bills signed by the Governor.

Executive Order 06-22 issued on June 22, 2006 abolished the five sub-accounts and established that the Healthy Families Trust Fund would expend all payments as appropriated in the budget. The rationale behind the change was to eliminate administrative overhead and double exposure of the funds to the state's cost allocation plan. According to the Office of Administration, this change will have no budgetary impact.

FY 2002 Expenditures

Due to budget shortfalls that occurred during Fiscal Year 2002, much of the tobacco settlement monies were withheld from the programs they were appropriated for and subsequently transferred to General Revenue.

Health Care	\$ 79.2 million
Early Childhood	\$ 9.7 million
Life Sciences	\$.4 million
Tobacco Prevention	\$.7 million
Prescription Drugs	\$ 63.2 million
Endowment Fund	\$ 0

*In FY 2015 appropriations were made out of the Life Science Research Trust Fund for the Department of Social Services to fund Medicaid pharmacy costs, managed care, and children's health insurance programs.

** In FY 2015 appropriations were made out of the Early Childhood Development, Education, and Care Fund for the Department of Elementary and Secondary Education for the Missouri Preschool, First Steps, Parents as Teachers, and Early Special Education programs; to the Department of Health and Senior Services for the Division of Regulation and Licensure; and to the Department of Social Services for child care assistance programs.

Section IV

LEGISLATION

ESTIMATED FISCAL IMPACT OF LEGISLATION FOR FY 2015 – FY 2017

84 Senate Bills and 84 House Bills were “Truly Agreed To and Finally Passed” during the 97th General Assembly, 2nd Regular Session, (2014). The Governor vetoed 22 Senate bills and 11 House bills. The number of bills passed by the General Assembly does not include the appropriation bills or any resolutions.

Presented on the following pages is a summary of the estimated fiscal impact over the next three years (2015-2017) of the legislation signed by the Governor. Numbers shown in parentheses, such as (\$100,000), represent a new cost to the respective fund. Positive numbers, such as \$100,000, indicate a savings to the respective fund.

The information given on the following pages is based on information taken from the fiscal notes prepared for each bill by the Oversight Division, Committee on Legislative Research. Numbers do not include the appropriation bills. When the fiscal impact of a bill included a range, the higher figure for costs and losses, and the lower figure for income were used in calculating the fiscal impact. Actual costs may be higher or lower, depending on the actual appropriations. The totals listed for House and Senate bills do not include the unknown figures.

Detailed information on individual bills, including the fiscal note, can be obtained by contacting the Senate Appropriations Staff or accessing the Senate web page at www.senate.mo.gov and the House web page at www.house.mo.gov.

SENATE BILL (SB) 509 – INCOME TAX CHANGES

Senate Bill 509 was delivered to the Governor on April 16, 2014. The Governor vetoed SB 509 on May 1, 2014, and on May 6, 2014 the Legislature overturned the Governor's veto.

SB 509 modifies the individual income tax rate table. Beginning in 2017, the maximum tax rate on personal income will be reduced by one-tenth of a percent each year with the maximum reduction being one-half of a percent over a period of years. No reduction will go into effect unless the net general revenue collected in the previous fiscal year exceeded the amount of net general revenue in any one of the three fiscal years prior to such year by at least \$150 million. Once fully phased in, the top rate of tax on individual income will be five and one-half percent. This act requires the brackets for individual income tax be adjusted annually for the percent increase in inflation. (Sections 143.011 & 143.021)

Also beginning in 2017, SB 509 creates an individual income tax deduction for business income and phases such deduction in over a period of years. Each increase to the deduction amount will be by five percent. Once fully phased-in, taxpayers will be allowed to deduct twenty-five percent of their business income. No increase to the deduction will go into effect unless the net general revenue collected in the previous fiscal year exceeded the amount of net general revenue in any one of the three fiscal years prior to such year by at least \$150 million. Shareholders of S corporations and partners in partnerships will be allowed a proportional deduction based upon their share of ownership. (Section 143.022)

Currently, there is a personal exemption amount of \$2,100 for personal income taxes. SB 509 increases the exemption amount by \$500 for individuals with a Missouri adjusted gross income of less than \$20,000. (Section 143.151)

HOUSE BILL (HB) 1689 – EARLY CHILDHOOD EDUCATION/FOUNDATION FORMULA MODIFICATIONS

House Bill 1689 was Truly Agreed and Finally passed by the General Assembly on May 16, 2014 and delivered to the Governor on May 30, 2014. The Governor signed HB 1689 on July 8, 2014.

HB 1689 dealt with two major areas; adding a mechanism for state funding for early childhood education through public schools and charter schools, and making four adjustments or “fixes” to the state’s Foundation Formula.

Early Childhood Education (Sections 160.053-163.055 and 163.018, RSMo)

This addition to statute allows children age 3-5 who are eligible for free and reduced lunch and attend an early childhood education program approved by the State Board of Education and operated by a public school district or charter school to be counted in that public school district’s or charter school’s average daily attendance (ADA) figure for purposes of calculating state aid through the Foundation Formula. The total number of 3-5 year olds counted in the district’s or charter’s ADA cannot exceed 4% of the total number of pupils who are eligible for free and reduced lunch between the ages of 3-18 who are included in its ADA.

This provision takes effect in the 2015-2016 school year for unaccredited districts, the 2016-2017 school year for provisionally accredited districts, and for all other districts in the year immediately following the next year the Foundation Formula is fully funded.

This change **does not** require school attendance beyond what is required under the state’s compulsory attendance law and do not change the provisions regarding kindergarten attendance age.

Foundation Formula “Fixes” (Sections 163.011 and 163.031, RSMo)

HB 1689 also made 4 changes to the state’s Foundation Formula:

1. Changed the calculation of the free and reduced lunch pupil count for districts that choose to participate in the United States Department of Agriculture’s Community Eligibility Option (CEO). If a district opts to use the Community Eligibility Option then that district’s free and reduced lunch pupil weight will be the percentage of free and reduced lunch students calculated as eligible on the last Wednesday in January of the most recent school year prior to conversion to the CEO.
2. Allowed a school district’s local effort calculation to be adjusted (using 2004 data) in the event of a boundary line change.
3. Capped the number of performance districts used in calculating the State Adequacy Target at 25% of the total number of school districts.
4. Added explicit direction that in the event that the Foundation Formula is not fully funded the State Adequacy Target shall be adjusted downward to accommodate available appropriations and those payments to hold harmless districts shall not be prorated in any way.

Section V

TOPICS OF INTEREST

CALCULATION OF TOTAL STATE REVENUE

In November, 1980, Missouri citizens approved an amendment to Article X of the Missouri Constitution limiting the amount of tax revenue the State may collect in any fiscal year. The amendment, referred to as the Hancock Amendment, established a ratio between personal income and total state revenues for Fiscal Year (FY) 1981 and used that ratio to set the Total State Revenue (TSR) limit for subsequent years.

The ratio is .056395. For FY 2015, this ratio is applied to the United States Department of Commerce's calculation of Missouri personal income for calendar year 2013 to establish the FY 2015 revenue limit.

The Hancock Amendment defines total state revenues as "all general and special revenues, license and fees, excluding federal funds as defined in the budget message of the Governor for FY 1980-1981." Because the limit is actually on the General Assembly's power of taxation, revenues generated by taxes approved by voters after the adoption of the amendment are excluded from the calculation of TSR. Revenues generated by any agency acting on voter approval, i.e., the Missouri Lottery, are excluded. Also, the calculation excludes refunds of any tax included in TSR.

If in any fiscal year TSR exceeds the limit by 1% or more, the amount of the excess revenue is to be refunded pro rata based on the taxpayer income tax liability reported on the annual Missouri income tax returns filed in the following year. If the limit is exceeded by an amount of less than 1%, the excess amount is transferred to the General Revenue Fund.

In any fiscal year, the revenue limit may be exceeded if: the Governor asks the General Assembly to declare an emergency and the nature of the emergency and its cost to the state are clearly specified by the Governor; and the General Assembly declares an emergency by a two-thirds majority vote. The emergency must be declared prior to the expenditure of any "excess" revenue. Refunds resulting from provisions of the amendment cannot be the subject of any request to declare an emergency.

The Hancock Amendment includes further provisions limiting tax increases of political subdivisions and limits state government's flexibility to reduce, support, or impose new responsibilities on to local governments. This material is beyond the scope of this text. Interested persons should refer to the Missouri Constitution, Article X, §§ 21 and 22.

The Tobacco Master Settlement Agreement Proceeds have been determined by the Office of Administration – Division of Budget and Planning to be recovery costs for Medicaid expenses related to smoking and, therefore, exempted from Total State Revenue.

Article X, Section 18(e) states that in any one year the general assembly shall not increase taxes or fees by more than \$50 million adjusted for growth in Missouri personal income or 1% of Total State Revenue, whichever is less. For 2014, the adjusted limit was approximately \$87.6 million. If the General Assembly increases taxes or fees by more than the limit, the largest tax or fee increases must go to a vote of the people.

It is unlikely that the Hancock Amendment will be triggered in the foreseeable future. The state is currently over \$3 billion dollars below the refund threshold, and Article X, Section 18(e) of the Missouri Constitution mandates that the people must vote on any major tax increase, and therefore it would be excluded from total state revenue.

CAP ON HIGHWAY FUND APPROPRIATIONS TO NON-HIGHWAY AGENCIES

Legislation (Senate Bills 135 & 63) authorizing a 4-cent motor fuel tax increase effective July 1, 1987, established a cap on expenditures from the Highway Fund by other non-highway agencies (\$226.200 (3) RSMo). The cap was set at the Fiscal Year 1987 expenditure level and was approximately \$119.6 million. The bill required that when expenditures from the Highway Fund exceeded the cap, the fund must be reimbursed from General Revenue the next fiscal year.

The motor fuel tax increased to six cents in 1992 with the passage of House Bill 1247, in which the fixed ceiling of \$119.6 million was changed to a flexible ceiling (\$142.372 RSMo). Therefore, the growth in funds allocated to non-highway agencies could increase by the same percentage as the overall increase in state highway revenue sources.

During the 2000 legislative session, the passage of House Bill 1742, re-established a fixed cap (\$ 226.200 RSMo). This action will require the reimbursement of General Revenue funds to the Highway Fund when expenditures exceed the FY 2001 level of expenditures.

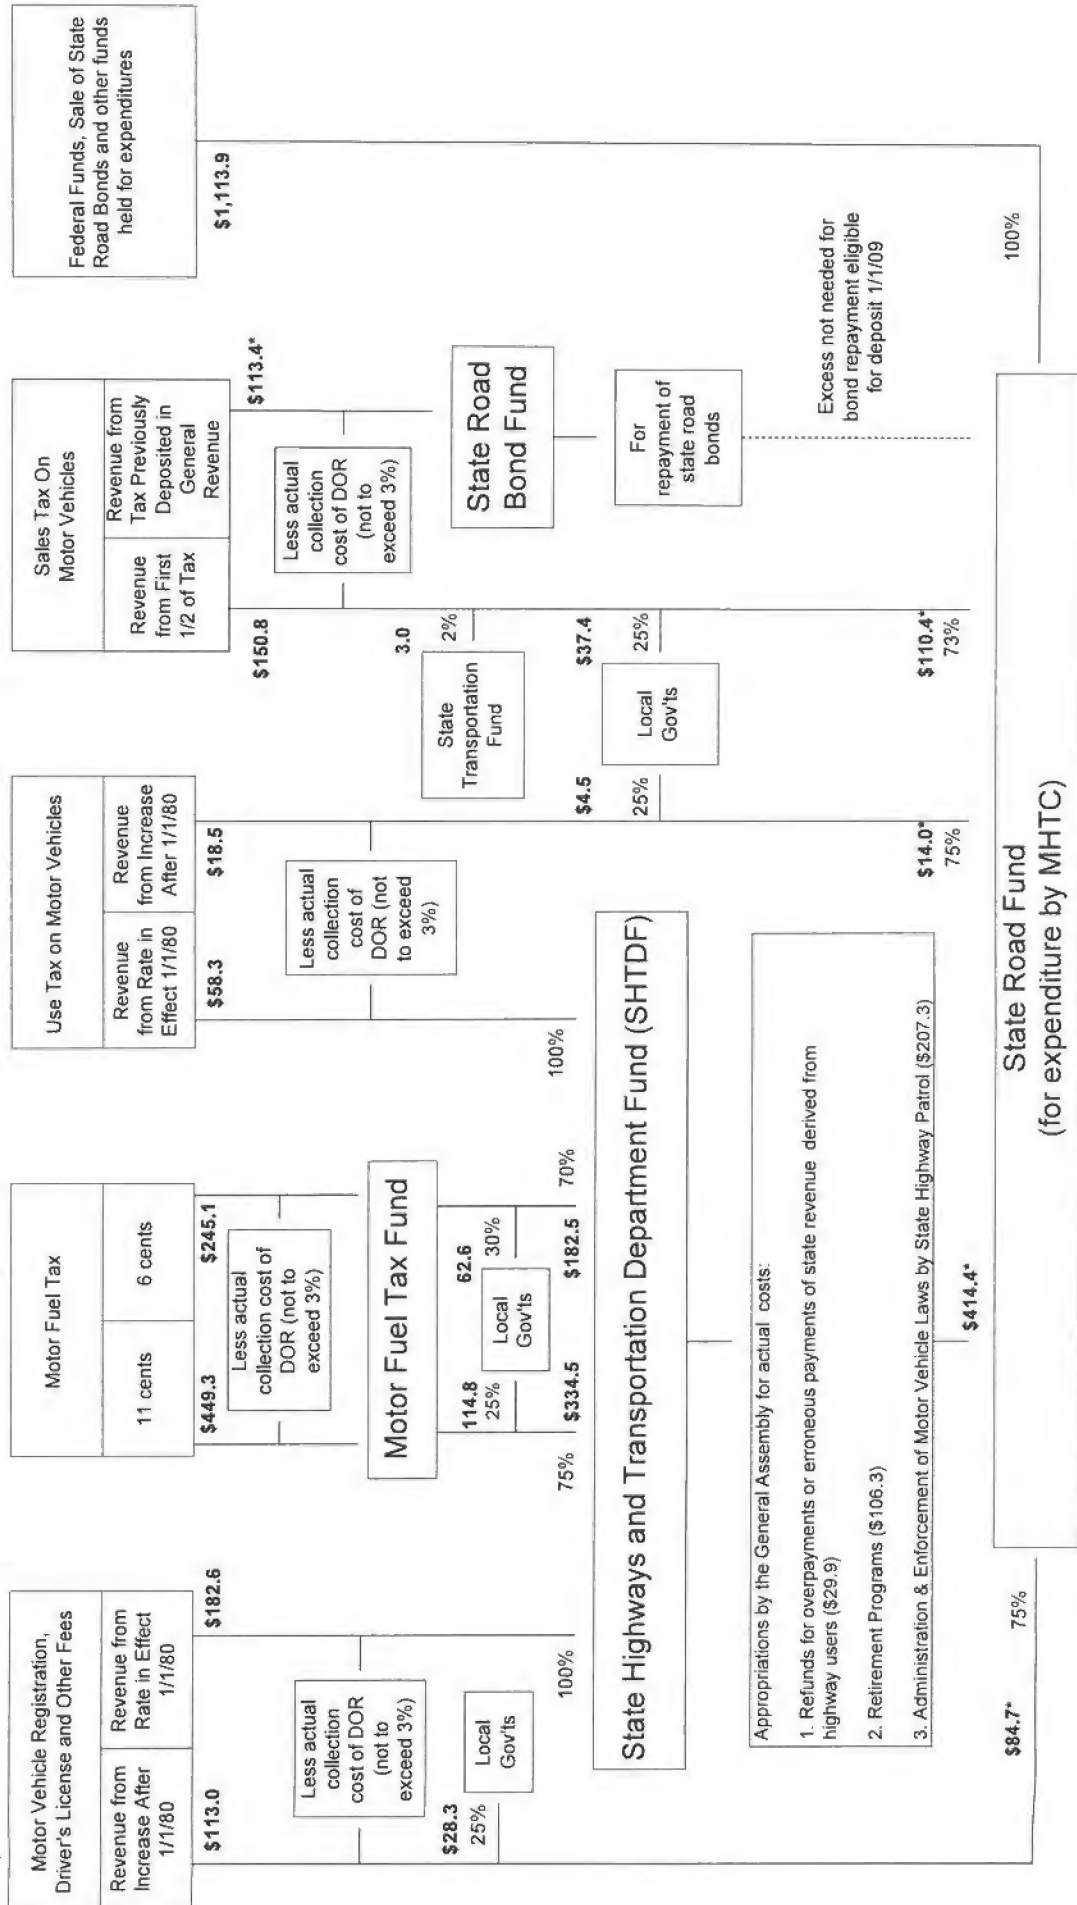

During the 2002 legislative session, the passage of House Bill 1196 provides for the removal of the cap beginning in Fiscal Year 2004 for the Mo. State Highway Patrol for enforcement related activities, and actual costs incurred by the Office of Administration for or on behalf of the Patrol and employees within the Department of Transportation. In addition, beginning in Fiscal Year 2008, any activities of the Patrol that are not related to the enforcement of laws pertaining to motor vehicle and usage of the highways shall be supported with General Revenue, or other applicable funding sources. This legislation also maintains a cap, which is set at the Fiscal Year 2001 level for the Department of Revenue, and other non-highway related agencies that are currently authorized to receive funding support from the State Highways and Transportation Department Fund.

The Department of Public Safety and Department of Revenue utilize a significant portion of Highway Fund revenue allocated for non-highway related purposes. The Department of Public Safety is compensated for patrolling the state's highways. Likewise, the Department of Revenue is compensated for implementing state motor vehicle and driver statutes. Other agencies receive Highway Fund revenue for work that relates to the state's highway system.

In 2004 Article IV, Sections 30(a), 30(b), 30(c), and 30(d) were amended such that:

- Cap the Department of Revenue's cost of collection at actual cost not to exceed 3% of the amount of highway funds collected.
- Cap the Highway Patrol's use of highway funds to actual costs of administering and enforcing any state motor vehicle laws and traffic regulations.
- Redirects the 50% of the motor vehicle sales tax that goes to general revenue to the State Road Bond Fund over a four-year period beginning July 1, 2005.

MISSOURI HIGHWAYS AND TRANSPORTATION COMMISSION (MHTC) **Road and Bridge Funding - Summary** (Effective 7/1/2006)

*Does not include actual DOR collection costs of \$19.7 million.

STATE EMPLOYEE PAY PLAN HISTORY

FY 1980 – FY 2015

The pay plan is created by the Personnel Advisory Board (PAB) and reviewed by the Ad Hock Task Force on Total Compensation. The task force recommendations are integrated into a final plan the PAB submits to the Governor's office and to Budget and Planning. The Governor makes a final recommendation to be reviewed by the legislature. Note: The Missouri Department of Transportation and Missouri Department of Conservation may implement pay plans contrary to the statewide pay plan.

Fiscal Year	Date Implemented	Description	Positions Under Salary Commission
FY 2015	January 1st, 2016	1% Pay Plan for all state employees	
	January 1st, 2016	Increase salaries for certain nurse classifications as recommended by the PAB	
	July 1, 2014	Increase salaries for judges and certain judicial staff based on Salary Commission indexing state judges salaries to federal judges salaries	All state judges and commissioners and staff whose salaries are statutorily connected to state judges' salaries
FY 2014*	July 1, 2013	One step repositioning (@2%) for Nurses	NONE
	July 1, 2013	\$150/year for Correctional Officers I & II	
	July 1, 2013	4%/year for various positions in DMH, DOSS, and Veterans (Activity Aide I/II/III, Activity Therapist, Barber, Behavior Intervention Tech DD, Behavior Technician, Cert Dental Asst, Clinical Casework Asst I, Cosmetologist, Dental Asst, Developmental Asst I/II, Education Asst II, LPN I/II/III Gen, Medical Laboratory Tech I/II, Nursing Asst I/II, Occupational Therapy Asst, Physical Therapist Asst, Physical Therapy Tech, Psychiatric Technician I/II, Restorative Aide & Restorative Technician Security Aide I/II)	
	Jan. 1, 2014	\$500/year for all state employees	

Fiscal Year	Date Implemented	Description	Positions Under Salary Commission
FY 2013	July 1, 2012	2% COLA for those making less than \$70,000/year	Salary increases for judges per November 2010 Salary Commission report, Chief Justice will be 69% of federal chief justice, Supreme Court Justice will be 69% of federal Supreme Court associate justice salary, Court of Appeals will be 73% of federal circuit court of appeals judge salary, Circuit Judge will be 73% of federal district court judge salary, and Associate Circuit Judge will be 73% of federal magistrate salary
FY 2012	July 1, 2011	No pay plan was offered	NONE
FY 2011	July 1, 2010	No pay plan was offered	NONE
FY 2010	July 1, 2009	3% COLA for all state employees offered by Governor; General Assembly did not approve.	No salary increases for Judges or Elected Officials
FY 2009	July 1, 2008	<p>3% COLA for all state employees</p> <p>Exceptions</p> <ul style="list-style-type: none"> • Repositioned 15 medical and clinical job classes in the Departments of Mental Health; Insurance, Financial Institutions, & Professional Registration; Public Safety and Corrections by two pay ranges (about 8%). • Repositioned Client Attendant Trainees (CAT) to Developmental Assistants I and Security Attendant positions to Security Aides I. Also repositioned psychologists by two ranges, and provided a 6% increase for psychiatrists. • Provided a one step (about 2%) increase for Security Aides I-III in located high security state facilities. 	Effective January 1, 2010 the General Assembly will receive the same increase in salary that was given to all state employees for FY 05 – FY 09, which is a \$1,200 (FY 05) flat rate plus 4% (FY 07) plus 3% (FY 08) plus 3% (FY 09).

FY 1987	July 1, 1986	\$840 per year per employee and salary adjustments on a very limited exception basis. The Governor reduced to \$720 per year per employee and deleted entirely for top officials (elected officials, department directors, etc.)	N/A
FY 1986	July 1, 1985	8% COLA and salary adjustments for selected classes	N/A
FY 1985	July 1, 1984	7% COLA and salary adjustments for selected class	N/A

Fiscal Year	Date Implemented	Description	Positions Under Salary Commission
FY 1984	July 1, 1983	\$240 per year per employee plus an additional \$120 for health insurance benefits. Salary adjustment for selected classes.	N/A
FY 1983	July 1, 1982	\$600 plus 1% COLA and 1% merit plus an additional \$240 for health insurance benefits. Salary adjustment for selected classes.	N/A
FY 1982	July 1, 1981	\$360 per FTE, vetoed by Governor	N/A
FY 1981	July 1, 1980	7.5% COLA and 1.5% merit and salary adjustments for selected classes.	N/A
FY 1980	July 1, 1979	6% COLA and 1% merit. Salary adjustments for selected classes were vetoed by the Governor.	
*FY 1998 was the first year that the Salary Commission made a recommendation. Previously, Elected Officials, Judges, and the General Assembly received pay increases equal to that of state employees.			

THE FOUNDATION FORMULA

FY 2015 represents the ninth year of state appropriations to school districts based on the new foundation formula passed in the 2005 session (SB 287) and is the third year the formula is “fully phased-in.” This formula has not been fully funded for FY 2010, FY 2011, FY 2012, FY 2013, or FY 2014 and absent a significant supplemental appropriation will not be fully funded for FY 2015. Prior to HB 1689 (2014) the statute contained no specific direction to the Department of Elementary and Secondary Education on how to manage less than full funding for the formula. HB 1689 (2014) states that in any year that the appropriation is not sufficient to fully fund the formula that the State Adequacy Target shall be adjusted downward to match available appropriations and that hold harmless districts shall not receive less than their calculated hold harmless amount.

The new foundation formula is a student-focused, successful-school model based on characteristics of those districts meeting all performance standards reflected in the Annual Performance Report (“performance districts”). Based on those districts, it establishes a “state adequacy target” (\$6,716 for FY 2015 although the department is currently using \$6,131 as the payment basis due to the formula’s underfunding) to ensure that all districts with a tax levy of at least the performance levy (\$3.43) have that amount of money behind each student. The state adequacy target will be recalculated every two years using the most current list of performance districts, however by statute the state adequacy target cannot decrease.

- Formula payments are calculated on a per-student basis. The formula also provides additional funding through student weighting for districts whose percentage of free or reduced lunch, special education, or English proficiency students exceed the respective percentages in the performance districts. The new formula does not provide additional weight for summer school attendance.
- The state adequacy target includes expenditures from the following categories of state funding. Thus these items will no longer be funded separately:
 - Line 14 of current formula (“At-risk” programs)
 - Exceptional pupil aid (Special Education categorical)
 - Gifted education (Gifted categorical)
 - Remedial Reading categorical
 - Fair Share fund
 - Free Textbook fund
- The local revenue deduction utilized in the formula is calculated by taking \$3.43 times the 2004 assessed valuation in the school district, regardless of the district’s actual levy. The \$3.43 amount is called the performance levy. The district’s local effort deduction is frozen so that growth in local collections will be retained by the district without offsetting state aid payments.

- A dollar value modifier (DVM) is used to recognize increased operating costs in some districts, primarily in metropolitan regions.
- The formula is phased-in over seven years beginning in FY 2007. Despite the fact that the formula is not fully-funded, the statutory phase-in schedule continues. This has resulted in a formula that is fully phased-in “on paper,” but is not funded at the fully phased-in amount.
- Districts are guaranteed to receive a minimum state funding amount per student - the amount received per student in FY 2006. This amount will be adjusted upward for districts with a DVM greater than 1.0.
- A “Small Schools Fund” is established to distribute an additional \$15 million annually among districts with 350 students (average daily attendance) or less. Ten million of this is to be distributed strictly on a per-ADA, with the other five million being distributed on a weighted basis to those small districts with levies greater than the \$3.43 performance levy.
- Revenues from gaming will be accounted for separately through the Classroom Trust Fund, also established by the act. Districts are given nearly unlimited flexibility in using these funds.

HIGHER EDUCATION PERFORMANCE FUNDING MODEL

In 2011 the Commissioner of the Missouri Department of Higher Education established a Higher Education Performance Funding Taskforce, to develop a performance funding model for Missouri's higher education institutions. In 2012 the Coordinating Board for Higher Education approved the model (HEF II) developed by that taskforce and in fiscal years 2014 and 2015 the General Assembly utilized that model in appropriating \$34 million and \$43.4 million additional dollars respectively to the state's higher education institutions.

The HEF II model uses FY2013 as the baseline year for data collection and comparisons. Each sector developed four (4) sector performance measures that each institution in the sector would be evaluated on. Each institution then selected an institution specific measure for a total of five (5) performance measures. Successful achievement of a performance measure is defined for each institution individually as improvement over that institution's performance from the previous year, or, when applicable, maintenance of a high level of performance in relation to a previously established and externally validated threshold. The measures encompass student success and progress, degree completion and professional certification, financial responsibility, and efficiency.

The model distributes new or increased funds only. Essentially any new funding for the state's higher education institutions is allocated on a "percent-up/percent-down" methodology, meaning all institutional allocations are based on the same percentage increase. An institution "earns" its allocation based on the number of its five performance targets met (each target represents "earning" 20% of their allocated increase).

In the 2014 legislative session the General Assembly passed SB 492, which codified the HEF II model with a few changes. The first change was the addition of a sixth measure to evaluate institutions on the basis of graduate job placement. The use of this job placement measure will only occur in years in which the state's unemployment rate has not increased. The bill also included an additional weighting of 0.5 for STEM fields for any measurers that uses number of graduates or numbers of certificates issued.
